# Create Colorful Curb Appeal

#### Seamless Quality, Seamless Performance

The Berger color selection is designed to reflect current outdoor color trends. Our color palette has been carefully chosen to integrate seamlessly with today's most popular siding choices, including CertainTeed® siding.

Berger gutter coil delivers an attractive, reliable, seamless roof drainage system that protects your home's foundation and landscaping from excess runoff and erosion. The Berger system features a complete line of color-matched components including downspouts, elbows, miters, end caps and much more.

#### **Berger Gutter Coil Features & Benefits:**

- Aluminum gutter coil is available in 22 colors
- TruCoat<sup>™</sup> painting process fade-resistant colors and extreme corrosion protection
- The right hanger solution for every application faster installation and long-lasting durability
- Large selection of color-matched components

#### **Gutter Coil Color-Matched Components:**

- 5K and 6K Gutter (10' sections)
- 6HR Reverse Bead Gutter (10' & 20' sections)

#### **Additional Accessories**

Beyond gutter and trim coil, Berger manufacturers a large selection of color-coordinated accessories including soffit, fascia, drip edge, gutter guards and much more.

#### Soffit

The Berger line of soffit products is attractive, functional and unique. Variety is an essential component for creating a distinct look that sets a home apart from all others. With Berger soffit that is precisely what you get. Our soffit program offers everything from the traditional D5 - 10", D6 - 12" and T4 - 12" profiles to a Quad 4 - 16" profile.

The most recent additions to the Berger soffit line are the D6 Full Round Perforated and Quad 4 profiles. Both panels are unique in design but offer the same function and dependability as the more traditional profiles. These two profiles were developed to target niche consumers who desire to set their homes apart from their neighbors.

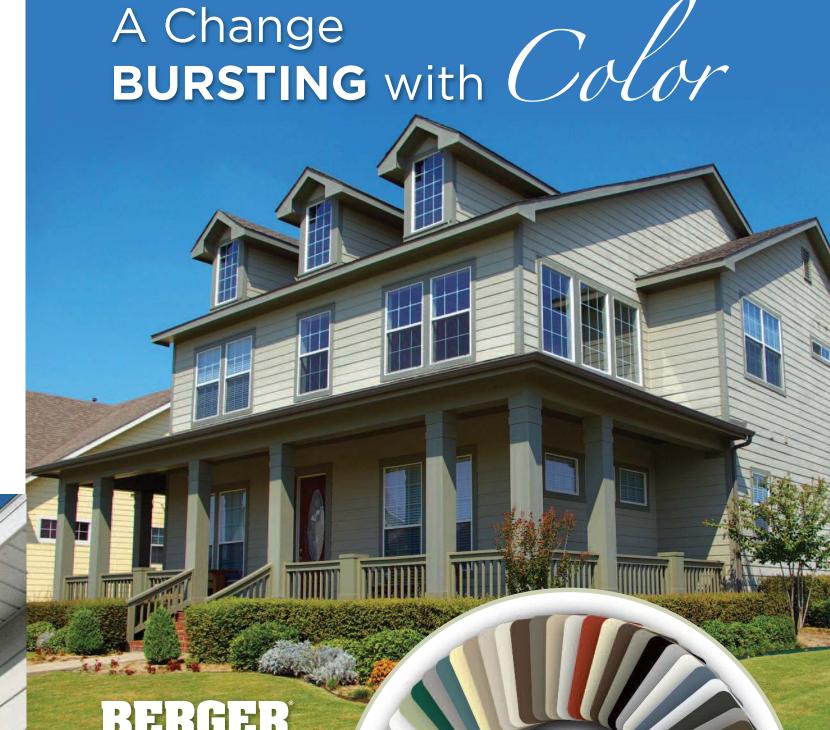

#### **Fascia and Soffit Accessories**

Berger fascia and soffit accessories provide maximum moisture protection for your home. Berger also offers a wide range of sizes and matching colors for aluminum fascia. Combined with a full set of soffit mouldings, channels and trim nails, Berger has everything a professional installer needs to complete the job quickly and with remarkable results.

#### **Drip Edge and Flashing**

We have over 80 different profiles available. Our edging and flashing products include drip edge, roof apron, drip cap, W-valley flashing, roll valley flashing, step flashing and much more. A variety of colors are available. Our roof edging and flashing is made using only the finest copper, aluminum and steel.
