SEAM TREATMENT ACCESSORIES

Valto offers an array of seam treatment options to complete your wall panel installations.

PVC MOLDINGS

Standard moldings are contractor grade moldings that are perfect for use with FRP panels. Valto division bars feature patterned expansion control guides to assist with proper FRP installation. Available in 10' lengths in SEQUENTIA standard colors.

SILHOUETTE TRIMS

Silhouette Trims offer a narrow profile to minimize the seam. Valto Silhouette Trims feature patterned expansion control guides to assist with proper FRP installation. Available in 10' lengths in VARIETEX colors.

BEADED PANEL MOLDINGS

Specially designed beaded division bar to compliment our beaded panels. Available in 10' lengths in cotton white (1130) color.

CORRUGATED MOLDINGS

For SEQUENTIA CORRUGATED Panels

INSTALLATION TOOLS

Our wall panels are easy to install with our tools

Installation accessories include our Valto Fast Grab or Valto Advanced Polymer Adhesive, rollers and trowels along with detailed installation guides and videos.

Visit valtoem.com/resources.html for detailed installation information.

All Valto wall and ceiling coverings have earned GREENGUARD Certification for low chemical emissions, issued by UL Environment. This certification reflects our dedication to improving the quality of our products, while using low-emitting materials in their construction.

Thanks to their environmental benefits, the use of Valto products may also contribute to earning LEED® certification.

At Valto, we partner with our customers, and through innovation, deliver advanced materials that enhance everyday environments. We succeed through a culture of collaboration, continuous improvement, and excellence. With integrity at our core, we challenge the status quo and pursue innovative approaches that benefit our customers and associates.

Since 1954, Valto Engineered Materials has provided innovative products and services and is a leading provider of FRP composite panels. Our lightweight composite products deliver unsurpassed strength and durability; and we continue to pioneer next level performance in building materials, recreational vehicles, and transportation.
